

ADDENDUM #3

RFP 25-008

**2025 LMIG Street Paving**

This addendum is being issued to address questions submitted regarding RFP 25-008:

1. The RFP indicates we are to submit with our proposals a "Vendor Master Form" (page 4 , item 1.12). Such a form is not among the forms included in the RFP. Please provide this form if it is required.

**See attached.**

2. On page 5 of the RFP, item 1.17.1, it is noted that we are to submit "...and any Technical Requirements (in Excel format)". What sort of technical requirements would this be?

**Technical Requirements (in Excel format)" for a road paving project, would typically include details about the specific machinery, materials, and quality standards needed for the paving process, such as: pavement thickness, aggregate type, asphalt grade, compaction specifications, milling depth, equipment capabilities (rollers, pavers), testing methods, environmental considerations, and any necessary permits or compliance requirements; all organized in a structured format within an Excel spreadsheet for easy reference and analysis**

This addendum should be signed and returned with your proposal. Failure to do so may result in the proposal being non-responsive.
